2. Introduction

a. Company History

Ukhuselo Management Systems was formed in 2017 by Neil Smith after he left the mainstream manufacturing industry, where he held Quality, Environmental Health and Safety Management roles for 35 years.

b. What the company does

Ukhuselo management Systems provides the following services:

- Internal audit services to Management System Standards ISO 9001, ISO 45001, and ISO 14001.
- Implementation of ISO 9001, 45001 and 14001 Management System Standards.
- Compliance audits to the requirements of the Occupational Health and Safety Act.
- Assistance with the maintenance of quality, environmental, health and safety management systems.
- Health and Safety risk analysis.
- Quality risk analysis.
- Incident investigation (in all management system disciplines).
- Corrective action recommendations for quality and EHS system deviations.
- Compilations of procedures, work instructions, forms and records forming part of management systems including control plans and failure mode effect analysis.
- Auditing of processes and work systems.
- Root cause analysis.
- Construction sub-contractor safety files.

3. Strategy

a. Vision statement

Ukhuselo management Systems strives to be a consulting organization that has a reputation for providing a focussed, professional service whilst maintaining the upmost integrity.

b. Mission statement

Our mission is to provide a consulting service that strives to achieve the objectives of our vision statement by providing a professional, efficient service to our valued clients.

c. Values

Professionalism, integrity, efficiency, and honesty always.

d. Business strategy

The general strategy of the company is to provide a service to a small, focussed number of clients who can be supported by us in the longer term through the formation of strong customer relations.

e. Economic intent

To make a profit that will maintain a comfortable lifestyle but giving our customers value-for-money.

4. Business concept

a. Business concept

To provide a professional quality, environmental health, and safety management system consultancy service.

b. Business competitiveness

Ukhuselo competes by providing tailored solutions and by offering a personalized one-on-one consultancy as opposed to generic solutions offered by bigger consultancies.

A pledge of how the company wants to deliver services.

c. Business model

Ukhuselo has a small business model which operates from a home office.

d. Value chain

Ukhuselo provides services to all types of companies that operate quality and HSE Management systems or wish to ensure compliance to safety regulations. This can be small to medium companies by example, suppliers to OEM, motor manufacturers, the trucking industry, beverage companies by way of a few examples.

5. Management & Ownership

a. Management structure

The company is managed by the Managing Director in conjunction with a partner.

b. Ownership Structure

Ukhuselo management Systems is owned by the Managing Director and a 51 % partner holder.

c. Directors

Neil Smith-Managing Director.
K B Gogela-Smith-Partner.

d. BEE & BEEE

Ukhuselo Management Systems is BEEE level 2 compliant.

6. Current customers & projects
